

Non-stop, heart in your mouth motorsport action is the recipe that wowed thousands of fans on the East Coast of Australia throughout the 2008/2009 summer season.

Commencing in 2009/2010, for the second year running, will be the most exciting and successful microprint series ever held across the eastern states of Australia. The series will see all the top dirt track teams taking part in the Inside Speedway Ultimate Raceline Series, with microprint teams competing in 5 individual events, traveling across the three most eastern states of Australia, accumulating series points throughout these events to determine who is the Inside Speedway Champion.

Inside Speedway National Magazine publisher Geoff Crisp recently stated "The professionalism of the Microprint Series ranks with the top motorsport divisions throughout the country:" and has expressed his enthusiasm by joining the series as naming rights sponsor.

Whenever the Microprint Series has traveled into the interior of the vast Eastern States (Victoria, New South Wales, Queensland) it has attracted bumper crowds to the country venues-who are in awe of the thrilling style of dirt track action that they witness.

The success of the Microprint Series can be gauged by the increased car count for the upcoming Inside Speedway Series.

Consistency is the name of the game in the Inside Speedway Series and the tension will mount in every race as the teams battle it out for those all important series points.

So make sure you don't miss out joining our quest as it grows throughout Australia.

See you at the track!!
